
West Portal School

Parent Pledge of Support

As the parent/guardian of a student at West Portal School, I hereby pledge to support the West Portal teachers, staff and Parents Club in providing my child/ren with an outstanding elementary school education.

I understand that without the support of all parents, both in the form of monetary donations and the volunteering of time, West Portal School cannot continue to provide students with the outstanding educational opportunities for which it is known.

I understand that in order to provide essential services such as a full-time librarian, music and physical education instructors, and basic school supplies and equipment, the West Portal Parents Club must raise at least \$100,000 each school year.

I understand that the recommended minimum, tax deductible, Education Fund donation of \$275 per family for one student or \$375 per family for multiple students is necessary to adequately fund the West Portal Parents Club budget.

In addition, I understand that in order to continue such exciting extra curricular activities as field trips, special class projects, the musical and the Chinese Performing Arts Program, West Portal parents and family members must collectively volunteer thousands of hours of their time with a recommended minimum contribution of 20-40 hours per family. (See <http://westportalschool.com>)

Accordingly, I pledge to provide as much support to West Portal School and the West Portal Parents Club as our family is able, both in the form of contributions of money and time.¹

In consideration of the above, I pledge to contribute \$_____ to the Education Fund and _____ hours of volunteer service to West Portal School.
